

Welcome

Thank you for considering Desert Cove Assisted Living at Desert Hot Springs as your new home. We are proud to introduce you to our beautiful, assisted living community and the committed professionals who provide a loving environment and the utmost personalized care.

We are a unique assisted living community with panoramic mountain views of Desert Hot Springs in a resort-style setting and gorgeous sunsets. Our community has 28 spacious apartments with kitchenettes and ensuites can accommodate both private and shared living.

Our professional staff provides holistic oversight and customized care, assuring timely and clear communication with doctors and other healthcare professionals. We provide in-depth oversight of medication management, reviewing the use and efficacy of drugs with our contracted pharmacist and pharmacy services provider. Home health and palliative care are available

through outside agencies if and when that need arises. Respite and daycare services are also available.

The resort-style layout is the only assisted living community of its kind in the Coachella Valley. Our campus allows for outside walking and is intimate enough to allow staff to hear your loved ones as they walk throughout the grounds. We ensure frequent rounds, so we know each resident's whereabouts. Each resident is provided an emergency assistance pendant which can

be heard throughout the campus if they should push it for assistance. Our community is comfortable and cozy with several activity areas, a beautiful dining room with a stunning panoramic view of the Coachella Valley, a beauty salon, massages, a Namaste program, and a private spa with salon treatments.

We have excellent professional management with over 40 years of experience in the provision of quality long-term care services, committed caregivers, and excellent support staff who are trained and mentored to ensure they provide the most sensitive and personalized service to each resident.

Activities are innovative and individually tailored, highlighting resident preferences and abilities.

Exercise videos, walking paths, games, live entertainment, and attending cultural events around the valley to keep residents stimulated and on the go. Lots of one-on-one time ensures that each resident is engaged in the most appropriate and rewarding interactions. Facetime is available to talk with friends and loved ones around the globe.

There is no other senior community like us! We hope you choose us as your new home.

THE ASSISTED LIVING WAIVER (ALW) PROGRAM

- *Making affordable housing with personal and health-related services available to seniors and individuals with disabilities*
- *Maximizing dignity, privacy, independence, and autonomy*
- *Providing an alternative to long-term care placement in a nursing home*

The ALWP is designed to assist Medi-Cal beneficiaries to remain in their community as an alternative to residing in a licensed health care facility. The program provides specified benefits to eligible seniors and persons with disabilities. Medi-Cal reimburses for the services provided to residents enrolled in the ALW, however, the resident is responsible to pay for their own room and board. For 2024, for those with Supplemental Security Income (SSI) income of \$1,575.07, room and board is \$1,398.07. If the SSI recipient has other income besides SSI, the facility may charge an extra \$20 if it is stated in the resident's Admission Agreement, e.g. \$1,418.07 for an individual.

The ALW is an alternative to long-term placement in a nursing facility and is presently available in the following counties: Alameda, Contra Costa, Fresno, Kern, Los Angeles, Orange, Riverside, Sacramento, San Bernardino, San Diego, San Francisco, San Joaquin, San Mateo, Santa Clara, and Sonoma. The ALW is currently enrolling beneficiaries residing in skilled nursing facilities and in the community, into licensed Residential Care Facilities (RCF) and Public Subsidized Housing (PSH).

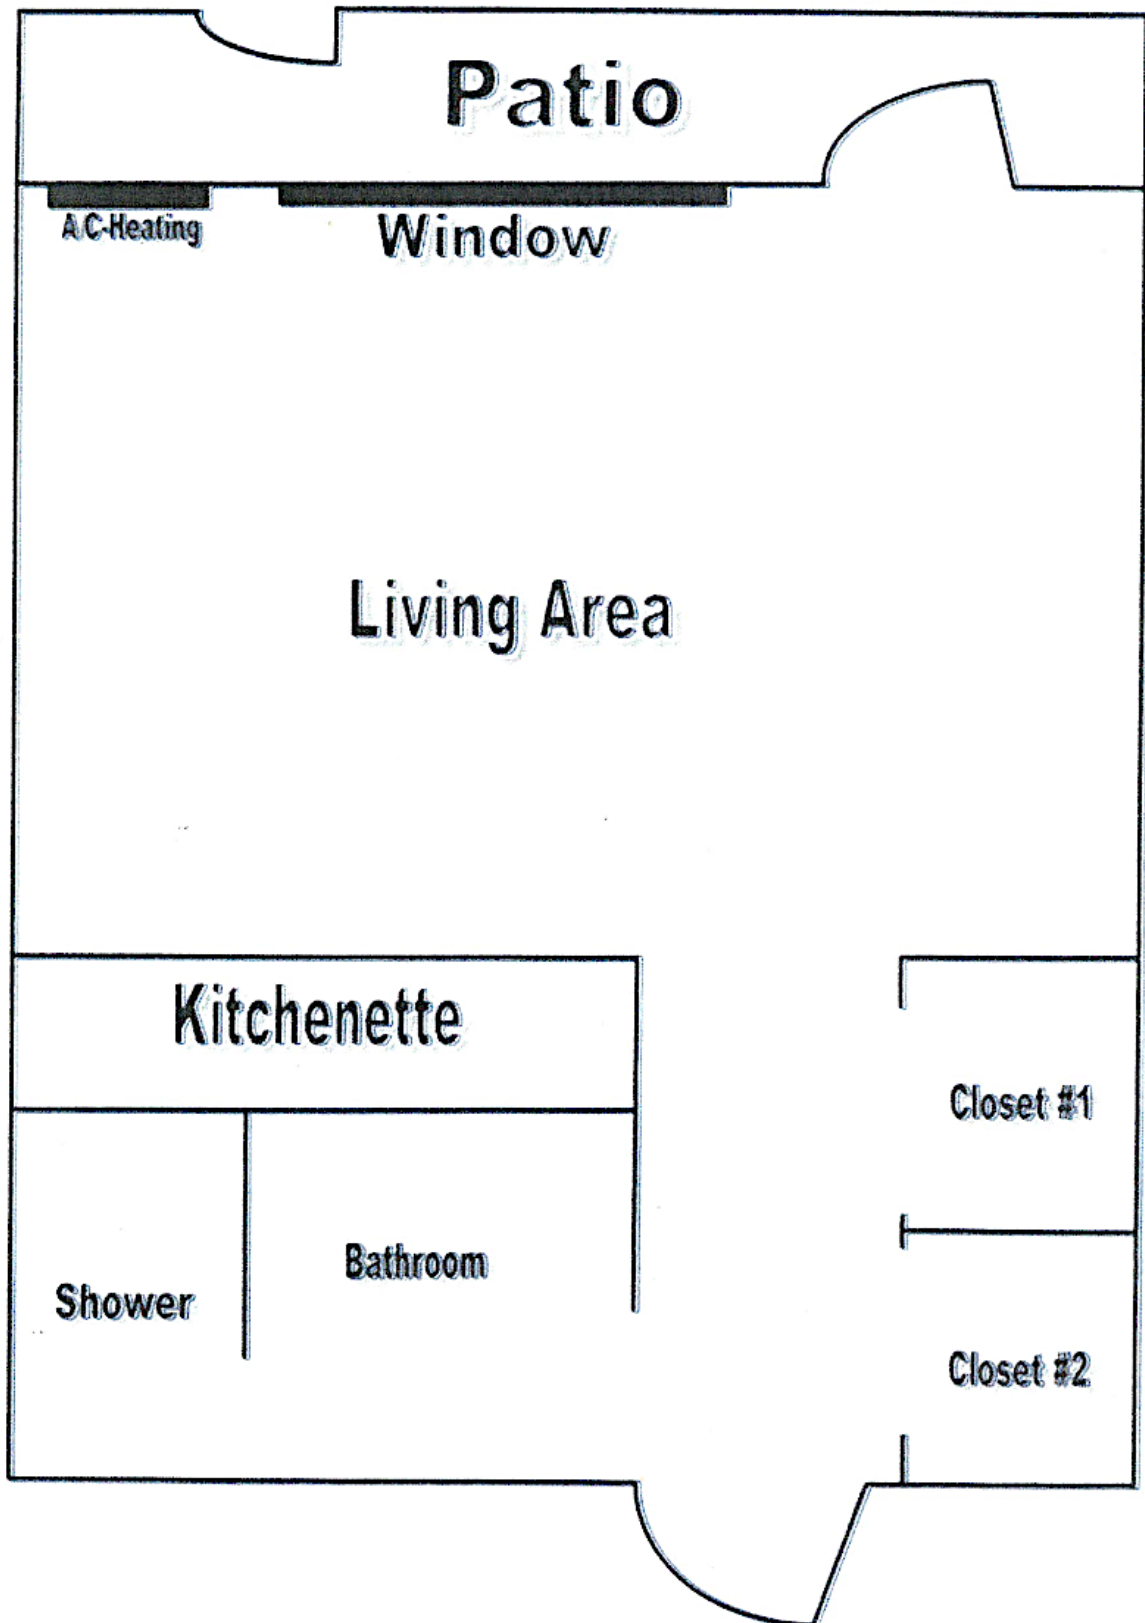

DETERMINING MEDI-CAL ELIGIBILITY

Assisted Living Waiver (ALW) eligible individuals are those who are enrolled in Medi-Cal and meet the level of care provided in a nursing facility due to their medical needs. Individuals with Medi-Cal benefits that include a share of cost may not be enrolled in the ALW. Please contact your local county office to obtain information about how to apply for Medi-Cal benefits. Please note: the state does not determine eligibility for Medi-Cal benefits.

DETERMINING LEVEL OF CARE ELIGIBILITY

Determination of care needs is done by registered nurses (RN) employed by a Care Coordination Agency (CCA). A list of ALW CCAs for each of the participating counties is available on our website. Click on the Care Coordination Agencies link and contact one of the CCAs in your county of residence to request an assessment. A pre-screening "assessment" will be done over the phone before an appointment is set up for the actual assessment.
